

# MORNING APPEAL.

THURSDAY... NOVEMBER 28

## THANKSGIVING.

Today the majority of the people of the United States, Carson included will fill themselves up with turkey, cranberry sauce and wine and otherwise enjoy themselves.

The people of this State have about as many reasons for being thankful as any other State in the Union.

The Mint is coining, silver is advancing and there is no legislature in session.

The croakers are talking things down and looking solemn, but the croakers do not run Nevada any more.

We have big irrigation schemes afoot, our mines are yielding well and our cattle and agricultural industry is holding its own.

A man who has lived in this State and enjoyed nothing but the climate has much more to be thankful than had he lived in the East and been worth a million.

There is a better outlook for us this year than last and since that time Carson real estate has advanced about twenty per cent.

With a good health, a mild Winter and a clear conscience, any man can be thankful.

The APPEAL is also glad to announce that the poor of this city have been amply provided with turkeys and wood to roast them with by private charity.

The names of the donors are not mentioned here as they are persons who give for the sake of giving and not for the sake of publicly parading their generosity.

There will be no APPEAL issued from this office tomorrow.

## THE SILVER CONVENTION.

### Strong Resolutions Received.

St. Louis, Nov. 27.—At the Silver Convention this morning Delegate Morse of Colorado introduced the following.

Resolved, That Senators and Representatives in Congress are hereby requested to establish a unit for the coinage of silver with the South American States that shall make silver coin pass current on par with gold in All Americas of the Western Hemisphere; that they also be requested to open negotiations with the Congress of All Americas, now in session, for the building of a railroad from the United States and through the States of South America.

The following resolution was offered by Representative Jacks of California. It was received with cheers and referred under the rule:

WHEREAS, Wall street and Eastern bondholders are now actually at work striving to elect a Speaker for the approaching Congress whose record is entirely opposed to the silver interests; Whereas, Representatives in Congress should be servants of the people; Whereas, This great Convention shows the unanimity of public opinion in the Western and Southern States and Territories in favor of more coinage of silver; therefore be it Resolved, that the Western and Southern Representatives in Congress be requested to support some friend of silver for the Speakership of the present House of Representatives, and that their failure to do so will be a betrayal of the people warranting their political death.

## Quick Work.

The railroad bridge across the Truckee at Wadsworth was burned last Thursday afternoon. Foreman of Construction Wright was notified and he telegraphed for men and material and in 72 hours cars were crossing over a new bridge. All the timbers for the new bridge were brought from Oakland. The span is 180 feet and taking everything in to consideration it was remarkably quick work.—Silver State.

The C. P. R. Company have stored away in Oakland, duplicates of all of their bridges so in case of fire they send them over the road. Much time would be saved however if they had the duplicate of each bridge stored in the vicinity of the bridge.

Seattle presents us with a quick case of "Phoenix". Not long ago

it was calling on the country to send contributions because of its big fire, and now it is offering Sullivan and Jackson a \$25,000 purse to fight there. Nothing slow about Seattle.

Pettus, the man who was shot in New York is getting considerable sympathy, because he had money and moved in good society. He ruined a woman's life; several in fact and ought to have been killed long ago.
